

CARLTON VALE

BOULEVARD

Carlton Vale is set to be transformed into an ecologically diverse, tree-lined avenue with re-imagined public spaces and improved transportation links.

Illustrative concept image of the developing design proposals for Carlton Vale Boulevard.

This view is of the Rupert Road/Malvern Road junction looking east along Carlton Vale towards Kilburn Park Road

First online co-design Workshop

Please join us for the first online co-design Workshop event to find out more about the proposed redevelopment of Carlton Vale.

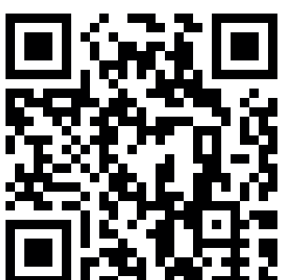

Meet the Design Team and learn more about the innovative proposals for Carlton Vale. You will have the opportunity to review the developing designs, take part in the co-design Workshop and provide feedback on the proposals.

For more information, please contact the Design Team via email:
